Date Initiated: 12/20/2024 Created on: 12/20/2024 Created by: Selene Pancho (BSO - Internal) Revision on: 11/14/2025 Revision by: Irene Flores (Registered Practical Nurse) • RESISTANCE to Care Need: If Ameeran is declining personal care or to wear hip protector, re-approach in 10-15 minutes. Report episode to Registered Staff . Date Initiated: 12/20/2024 Created on: 12/20/2024 Created by: Selene Pancho (BSO - Internal) Revision on: 11/14/2025 Revision by: Irene Flores (Registered Practical Nurse) • RESISTANCE to Care Need: A. Ameeran has hx of resisting care with unfamiliar staff. If a new staff is to provide care to Ameeran 1. A staff who Ameeran is familiar with (other PSW, RPN, or supervisor) should introduce the new staff to Ameeran before the new staff starts to provide care, or 2. The new staff should be accompanied by a familiar staff during care, until Ameeran becomes comfortable with the new staff. 3. Inform registered staff with the outcome of the care for documentation. B. Ameeran wants to remain independent. Allow her to be independent as much as possible when providing care: 1. For care, approach first what time she want to prepare for breakfast for example.
